Subject: RE: Biogenesis for CAG presentation

Alice

Thanks – I just forwarded this quickly to the Technical Committee for any thoughts. I don't think this is going to be a problem. Also, I asked Ella to reach out to the Cement Lock folks. I will let you know if I hear anything back, but I think this is a good idea.

Debbie

Subject: Biogenesis for CAG presentation

At the last CAG meeting, the CAG also expressed an interest in meeting with Biogenesis to discuss the sediment washing technology. I wanted to let you know that John Sontag and Charles Wilde of Biogenesis are available to make a presentation to the CAG at the February meeting (2/17) -- they sent regrets that they had a conflict on 1/13. Let me know if you'd like them to speak at the Feb meeting.
